Priya Nair

SENIOR DATA ANALYST

Bengaluru, India · priya.nair@example.com · +91 98765 43210 · linkedin.com/in/priyanair · priyanair.example.com

PROFESSIONAL SUMMARY

Data analyst with seven years of experience translating messy operational data into decisions. Comfortable across the full analytics stack, from instrumentation and modelling to executive storytelling.

WORK EXPERIENCE

Senior Data Analyst

Meridian Retail Group · Bengaluru, India | Mar 2021 – Present

- Lead analytics for supply chain and fulfilment, supporting 42 warehouses and a team of four analysts.
- Own the reporting layer in dbt and Power BI, used daily by 180 operations staff.
- Reduced stock-out incidents by 27% by rebuilding demand forecasting with a rolling 12-week model.
- Introduced a data quality scorecard that cut recurring reporting defects by 41%.

Data Analyst

Lumen Health · Pune, India | Jun 2018 – Feb 2021

- Built scheduling and utilisation dashboards for a network of 140 clinics.
- Partnered with product teams to define north-star metrics and experiment readouts.
- Automated 18 manual reports, saving roughly 30 hours per month.

Junior Analyst

Fieldnote · Mumbai, India | Aug 2016 – May 2018

- Maintained customer cohort reporting and supported quarterly business reviews.
- Created a self-serve SQL library adopted by sales and support.
